H*otellinx* *Suite*

With the right tools, it is easy to offer your guests a first class service. Hotellinx Suite is a pleasure to use and will inspire you to improve things that you didn't even think of before. It does all kinds of reservations that you can imagine, from rooms to meeting rooms, restaurant tables, golf tee off times, diving equipment and data projectors. It will be great for just rooms, but it will also easily meet bigger challenges.

Guest-oriented and service-minded

Rooms, meeting rooms, restaurant tables, tennis, golf tee off times, health spa treatments – see, book and bill them all with one flexible tool that makes you focus on the guests and offer them excellent service without even reflecting on it.

Even the most complicated packages and group bookings can elegantly be handled.

Efficient also in the hands of a novice

Supervise the efficient use of all capacities and don't say no to guests if you can receive them after some simple rearrangements.

Make and change all types of reservations by dragging them to any date, time or capacity that you want. It can't go wrong.

Check in with one click of the mouse.

Point-of-sales for restaurant bills, guest accounts, spa check-in and time-charging, lobby bar, extra room postings and easy check-out

Combine and share bills, move postings between accounts and room bills, charge extras directly to room bills, check rooms out, ...

This tool is so easy that all you need to be told is what you can do. How to do it you will know.
